\_\_\_\_\_ upon a time there were these people in Europe called \_\_\_\_\_  
and they were afraid of being persecuted , so they all got on a \_\_\_\_\_ and sailed to  
the \_\_\_\_\_ World where they wouldn't have to be scared ever again :

But as soon as they arrived they were greeted by \_\_\_\_\_, and they got scared all  
over again. So they killed them all.....

Now you'd think wiping out a race of people would calm them down, But NO ! Instead they  
started getting frightened of each other : So they burned \_\_\_\_\_. In 1775 they  
started killing the \_\_\_\_\_, so they could be free and it worked but they still didn't  
feel safe. So they passed a second \_\_\_\_\_, that said that every white man  
could keep his gun :

Which brings us to the genius idea of \_\_\_\_\_ : you see boys and girls, the white  
people back then were also afraid of doing any work : so they went to \_\_\_\_\_,  
kidnapped thousands of people, brought them back to America and forced them to work very  
hard for no money : and I don't mean no \_\_\_\_\_ like : "I work at Wal Mart and  
make no money"; I mean zero dollars, nothing, nada, zip. Doing it that way made the USA the  
richest \_\_\_\_\_ in the world. So did having all that money and free help  
calm the white people down ? No way, they got even more afraid : that's because after two  
hundreds years of slavery the black people now outnumbered the \_\_\_\_\_ people  
in many parts of the South. Well, you can pretty much guess what came next : the slaves  
started rebelling ; they were \_\_\_\_\_ and their old masters' heads got chopped off :  
when the white people heard of this they were freaking out and going, I wanna live, don't kill  
me big black \_\_\_\_\_ ! !"

Well, just in the nick of time came Samuel \_\_\_\_\_ who in 1836 invented the  
first weapon ever that could fire over and over again without having to reload. And all of a  
sudden whites were like YEEHA ! But it was too late. The North soon won the  
Civil \_\_\_\_\_ and the slaves were freed, YUP they were free now to chop all the old  
masters' heads off and everybody was like -"Oh no, we're gonna die ! ! ! "

But the freed slaves took no revenge : they just wanted to live in \_\_\_\_\_. Since the  
white people knew this so they formed the KU Klux Klan and in 1871, the same year the  
Klan became an illegal, terrorist organisation, another group was founded : the National Rifle  
Association. Soon politicians passed one of the first gunlaws making it illegal for any black  
person to own one ; it was a great \_\_\_\_\_ for America ; the KKK and the \_\_\_\_\_ :  
of course they had nothing to do with each other and this was just a coincidence : one group  
legally promoted responsible gun ownership and the other group shot and lynched black  
people and that was the way it was all the way to 1955 when a black \_\_\_\_\_  
broke the law by refusing to move to the back of the \_\_\_\_\_ : The white people just  
couldn't believe it : (" Why won't she move ? ? What's going on ? ? ? )

MAN, all hell broke loose : Black people everywhere started demanding their \_\_\_\_\_  
and white people had a major freaking fear meltdown : And they were all like "Run away,  
run away!" and they did, they all ran fleeing to the suburbs where it was all white and safe and  
clean and they went out and bought a quarter of a billion guns and put locks on the doors,  
alarms on the houses and \_\_\_\_\_ around the neighbourhoods ; finally they were all  
secure and safe and as snug as a bug and everyone lived \_\_\_\_\_ ever after .....
